# VISION FOR 2022

A note from Ho'ōla Nā Pua's CEO

Dear Ho'ōla Nā Pua Friends and Family,

As we reflect on 2022, the expanding team at Ho'ōla Nā Pua (HNP) would like to take a moment to thank you for your partnership and friendship. Your generous donations of time, talent, and financial treasures have helped us in our mission to end child exploitation, while transforming the communities we call home.

2022 was a transformational year for our 'ohana at HNP as well as for so many of you. None of us anticipated that the Covid Pandemic would have continued through 2021 and still impact us today. Despite these challenges, HNP has learned not only how to adapt, but more so how to continue to thrive.

June of 2021 marked a monumental milestone as the doors of The Bromley Family Pearl Haven Campus opened and we welcomed our first youth into the distinctive and unparalleled programming offered at our state-of-the-art campus. Every square foot of the Pearl Haven property, both interior and exterior, has been designed for safety with a commitment to bringing healing and creating joy. This was a historical moment not only for the State of Hawai'i, but also in the broader picture of the national landscape around comprehensive and uniquely designed treatment programming for exploited youth.

2022 was filled with new partnerships, expansive services, elevated training and results-driven programming that reaches even more youth in Hawai'i and beyond. Together, we continued to pioneer and do the impossible, rebuild communities and restore bright futures ensuring no child is left behind in their trauma.

2022 marked my 13th year serving in this mission and my tradition of sharing an intentional, visionary "word of the year" continues with *HOPE*. My prayer is that each of you will be renewed with hope, a pillar of assurance to guide us as we walk into a new season for HNP. The truth is, from our youth, to our staff, to our communities...we all really need hope. As I have spent time with our youth and staff, the resonating sentiment I have sensed is a reminder of "hope" and the power it contains. In fact, a new programmatic memento that has been placed at Pearl Haven says: "Hope blossoms here". It serves as a powerful reminder of **HOPE** to all who are present on the campus.

**HOPE** is the driver of faith and love. If we lose hope, our hearts will grow faint and our perseverance will wane. **HOPE** brings forth the potential of something better. **HOPE** is not a passive word, rather it's active, motivating us on a forward trajectory. **HOPE** nourishes courage and confidence which allows us to take a broader view of the world, embrace clarity of vision, enhance creativity, and problem solve while retaining optimism. **HOPE** also drives resilience and grit, which drives us to show up, work through the hard stuff fueling our belief that we can indeed make

# Hope

futures brighter. **HOPE** is not tied to a specific outcome. **HOPE** releases strength and fortitude. New life grows and blossoms when there is **HOPE**.

As we walk forward, filled with **HOPE** and excitement for all that is ahead, we surround the youth and communities we serve with a galvanized vision and commitment to ensure all youth are safe and free. We stand side-by-side with our partners, to drive hope filled conversations, as we collectively work together to bring transformational change and impact in a dark space that requires tremendous light.

Everyday we remind our youth of the power of **HOPE**. Where there is **HOPE** they can:

- Reimagine their futures
- Embrace new dreams
- See new opportunities
- Believe that the past does not dictate tomorrow
- And they can overcome anything

Thank you for your continued support which ensures Ho'ōla Nā Pua has the resources needed to build sustainable programmatic impact, infrastructure and capacity. Your donations expand advocacy and awareness, and continue to build a new model of care that is essential for youth who are at risk or who have been exploited. And most importantly, together, we are surrounding the most vulnerable with a fervent commitment to their health, healing, and joy.

Jessica Muñoz

CEO | Founder of Ho'ōla Nā Pua  
MSN, APRN-RX, FNP-BC

Drive Hope

# Who We Are

*Every child deserves a bright future*

Ho'ōla Nā Pua, meaning 'new life for our children,' was founded to shine the light on the dark criminal enterprise of sex trafficking. Something dark lurks in Hawai'i under the idyllic image of sand and surf: it is a criminal network dealing in the trade of human beings. Due to the nature of the crime and despite the overwhelming need for support and healing of survivors, this issue thrives in the darkness.

## *Shine the Light*

Ho'ōla Nā Pua (HNP) is committed to the prevention of sex trafficking and providing care for children who have been exploited. Sex trafficking exists at the intersection of other forms of violence and systemic inequities. Therefore, we must come together to develop cross-sector interventions and services to holistically address this issue. Through collaboration and partnerships, Ho'ōla Nā Pua is building a national service model to address sex trafficking and exploitation. This includes programming to address prevention, intervention, empowerment, and healing to create a continuum of care where no child is forgotten, and every child receives care.

## *Considered a national partner*

Considered a national partner and rising standard in the global effort to stop sexual violence among children and youth, Ho'ōla Nā Pua is leveraging over fourteen years of experience to lead the effort in developing a comprehensive, sustainable model of care for survivors of sexual exploitation and trafficking. Our integrated programming has filled a critical gap in the prevention of child sex trafficking and provision of care for children who have been exploited, reaching over 150,000 individuals since inception on all major Hawaiian Islands. Our advocacy work has reached tens of thousands around the globe. What started as a spark of light in the heart of a nurse practitioner and a relentless advocate with a passion for justice has now created a chain reaction of light shining around the globe.

PEARL HAVEN

## Hope Blossoms Here

*Just an ordinary clamshell, that's what you see.  
But you don't know the process, the journey of  
perfecting me. The pain that I endure and the fear  
hidden inside me- You'll never know the heartache  
or the moment that I died. I died and built layers.  
Layers around my heart. Layers to protect me, to  
save me from falling apart. It's been a life of  
survival; it's how I make it through each day.  
But then someone reached out they said there is  
another way. They said that I have value -  
that I have the ability to shine! Some say the world  
is your oyster, and now I can make it mine.  
Just an ordinary clamshell- that may be what you  
saw, but now I'm a **Pearl - Beautiful and Raw.***

*~ By Ashley Romano, R.N*

Hope  
Blossoms  
Here

# Sex Trafficking and Exploitation in Hawai'i

**The sex trafficking and sexual exploitation of youth and young adults happen daily across our state.**

Did you know in Hawai'i:

- The national average age of the first sexual exploitation is **14 years old**.
- The average age of the first sexual exploitation in the state of Hawai'i is **11 years old**.
- The average age of the first sexual exploitation on Hawai'i Island is **8 years old**.
- **64%** of sex trafficking victims have identified as being all or part Native Hawaiian.

## It's not a Myth, but an Issue

- **3 out of 4 victims** knew their trafficker (Family, friend, or boyfriend).
- **69%** of sex trafficking victims reported experiencing homelessness.
- **More than 60%** of sex trafficking survivors reported a history of being in foster care.
- **75%** are female, **13%** male, and **2%** other.
- **1 out of 3** reported technology had been used as part of their experience.

## Who are these youth?

**Who is vulnerable to sex trafficking and exploitation?**

**Sex trafficking and exploitation impacts ALL demographics.**

**Below are the most highly vulnerable:**

Homeless, runaway

LGBTQ Youth

Youth with a history of child abuse, neglect, and maltreatment.

Substance use and addiction.

Mental health challenges.

Cognitive Physical Disabilities.

Youth with a history of systems involvement. Foster care, juvenile justice, child welfare.

# HO'OLA NĀ PUA

## A PATH TO A BRIGHT FUTURE

Ho'ola Nā Pua's continuum of care framework addresses not only the traumatic impact of those who have been exploited but also focuses on the prevention and resilience of those who are vulnerable. This progressive pathway is individualized to meet specific needs, and includes the following integration to ensure a bright future:

### TREATMENT FOR THE VICTIMIZED

Pearl Haven  
Residential Treatment  
Campus

### REINTEGRATION

Starfish Mentoring  
Program/Care  
Coordination

### EMPOWERMENT & SUSTAINABILITY

Advocacy  
Transition to Adulthood  
Care Coordination

### COMMUNITY AWARENESS

Student and Community  
Education/Prevention & Awareness  
Professional Trainings

### RESILIENCE IN THOSE VULNERABLE

Hōkū Group Services  
Group programming with  
community partners  
Starfish Mentoring Program

### ACTION STEPS

- Build programming frameworks that are trauma informed, trauma integrated, and uniquely designed for those at risk and those who have been exploited.
- Understand the vulnerabilities that lead to victimization and develop strategies to reduce those vulnerabilities.
- Survivor perspectives incorporated into all programming.
- Strategically build programming that both impactful and sustainable.

A MESSAGE FROM THE PEARL HAVEN PROGRAM DIRECTOR

## Elizabeth Ku'upuamailani Porter

2022 has been a year filled with excitement and growth at Pearl Haven. There have been so many reasons to celebrate and be grateful for the opportunity and privilege we have to serve our youth. During this past year, our expansion efforts have been focused on enhancing clinical programming and developing and training our employees to meet the growing needs of the youth in our communities. We've been encouraged by the increased awareness of trafficking in our communities and know we still have a long way to go in helping our youth.

During 2022, Pearl Haven doubled its census. As the census has grown, so has our programming. Pearl Haven added several expressive and cultural arts programs to promote the healing of our youth from the inside out. Funded by our generous donors, these programs have included equine and animal counseling, cultural arts, music and dance with Kapena School of Music, therapeutic gardening, and our newest program, surf therapy!

These programs have many essential components that help our youth connect to their heritage, a connection many have lost over years of traumatic experiences. Our youth have enjoyed having these programs as an integral part of their treatment, and the benefits are inspiring.

Some of the comments we've heard from the youth include, "I finally feel safe" and "I have never been somewhere that I feel so cared for." The equine and animal-assisted therapies have brought the youth, in their words, "joy, hopeful, loved and connected." These are experiences all children should have in their healing process.

Pearl Haven has had amazing volunteers from the community who have come in to teach the new skills, serve as caring adults, and, most of all, have helped make our youth feel seen and heard. Our youth have been able to share their stories and feel cared for while working toward their goals, which is not an easy road.

In return, the Pearl Haven Youth Council independently decided they wanted to give back to the community and planned several community service events this past year. One youth shared, "I had been so disconnected from my home culture, and I did not realize until I found it again how much it helps me."

As we look forward to 2023 at Pearl Haven, we see the opportunity to continue being the light and the hope for our youth until they can see and hold it for themselves. We will continue to inspire growth and development in our clinical team and our programs as we focus on training and continuous equality improvements in our programs.

Mahalo for being a part of our Pearl Haven 'Ohana. We look forward to continuing our partnerships with you as we continue to work diligently for the youth in our care.

Mahalo Nui,

*Elizabeth Porter*

Program Director

Pearl Haven

# Experiential Programs

In 2022, Pearl Haven expanded its expressive, culinary, and cultural arts programs. This has been a vital component of clinical programming and, in many ways, has helped the youth find healthy ways to express and process memories and emotions that have been stored in their bodies from past traumatic events. Some youth have stated that they did not know how much they missed their cultural and spiritual heritage until they had the opportunity to participate in the cultural arts program at Pearl Haven. Other youths have shared a sense of calm and well-being in finally finding a place where they feel safe.

**During the past year, the youth spent more than 550 hours in the following programs:**

- **Koa Yoga**
- **Kapena Music, Dance, and Unspoken Word**
- **Therapeutic Gardening**
- **Expressive Arts Group- Jewelry Making, Sewing, Clay Modeling, and Lei Making**
- **Wave Alliance Surf Therapy**
- **Pono Choices**
- **Mindful Movement**
- **Recreational Therapy- Pickleball, Basketball, Tennis**
- **Music Therapy**

All these services help our youth heal through self-expression when there are no words to describe what they are feeling or what they have experienced. Many times, when our youth have been actively working through their trauma in treatment, they ask if they can feed the turtle, hold the guinea pigs or take a walk to sit by the horses. When our youth turn inward and ask for what calms their nervous system and minds, we are teaching them to listen to what their bodies need at the moment. This replaces the need to participate in self-harming behaviors, running from their feelings, using substances to numb their feelings, or stuffing their feelings, as they have done in the past. These programs and the talented consultants who help us do this work are providing excellent clinical work.

## The Pearl Haven Music & Cultural Arts Program

The Pearl Haven Music and Cultural Arts Program is an opportunity for our youth to further immerse themselves in the Hawaiian culture to embrace the true spirit of Aloha fully. In doing so, they inherently develop a positive sense of identity through connections and applications that are Hawaiian-based values. The youth begin to evolve their understanding that they are part of something greater than their trauma.

This program would not be as successful without the right Kumu (source) or facilitators, we are fortunate to have partnered with Kelly and Leolani DeLima of Kapena's School of Music and Kapena, the band, one of Hawaii's premier island bands. Kelly is a founding member and band leader. Each week, Kelly and his wife Leolani share lessons around the value of living Aloha through music, songs, ukulele, hula, and 'ōlelo Hawai'i (Hawaiian language) with the youth of Pearl Haven. This program provides experiential learning that aids in healing while intentionally creating spaces for self-reflection and identity building and fosters a positive connection with the Hawaiian culture. Participants reconnect to their authentic selves and their true nature as it leads to intentionality, presence, mindfulness and profound respect not only for Hawaiian traditions but for their Kumu, Uncle Kelly and Aunty Leo, who have become part of the Ho'ōla Nā Pua 'ohana.

## Thoughts from Kelly and Leolani DeLima

An important part of Hawaiian cultural learning is showing your Kumu that you've mastered an understanding of their lessons, this is called hō'ike. This year, the girls were able to showcase their newly acquired knowledge, skills, and talents at our First Annual Hō'ike. Kelly and Leolani share their thoughts after the event:

"First, we are so proud of the girls. We knew how special their performances and sharing would be, but we were moved beyond expectations. For us, it is important that our lessons are applicable in daily life. This is what we experienced with the girls, the Hawaiian culture being taught, learned, and expressed beyond knowledge and into practice. In our opinion, they have clearly articulated a Hawaiian mindset. Some of the lessons were grounded in Aloha and its meaning. We've also shared the value of kuleana or responsibility. We've been taught that kuleana goes beyond individualism and operates in the collective. For instance, we have often been taught- It's not Hawaiian to have an attitude like 'I got mine, go get your own.' We take care of each other, if you're getting yours, get for everyone. Share with everyone. Care for everyone. Not just yourself. It's a cultural attitude and lifestyle we're encouraging. To love and care for not just yourself but others as well.

We've seen growth in each girl around Hawaiian culture and arts. We hope this has left a lasting impression that encourages all of us to live aloha and give aloha. We are humbled and honored to partner with Ho'ōla Nā Pua. We pray we can make a positive impact in the lives of all these beautiful youth."

Sincerest mahalo to the Henry Kapono Foundation for helping us launch music programming at Pearl Haven.

**Mahalo to Easy Music Center** for their generous donation of instruments.

**Mahalo to Kamehameha Schools** for funding our cultural arts program. Special mahalo to our cultural advisor, Dr. Kealohi Reppun for blessing us with guidance and our oli, which has become foundational for the girls.

*"HNP has helped me throughout the year in many ways mentally, physically, emotionally, also financially. There's no words to express how amazing they are and all the help from everyone involved. My life has been a roller coaster. I now have 4 kids and it's still a lot from what had happen that effects my day to day so thank you for everything."*

—ADVOCACY CLIENT

## OLA NĀ PUA

### Ola nā pua I ka poli o Waiale'e

The flowers find respite in the bosom of Waiale'e

### Wai ola, wai aloha, wai ulu ē

In the life-giving waters, in the waters of compassion, in the waters of growth

### Awaiāulu 'ia a pa'a ke aloha

Love is bound within

### A'a iho, mu'o a'e, liko ika lā

Rooting, budding, sending forth small blossoms under the sun

### Mohala e ka pua kū 'eleao

The flowers bloom to stand in the light

### Kū like, Kū pono, kū pa'a mau

To stand together, to stand in righteousness, to stand with dignity always

### Hiehie e ke alo, pali e ke kua

With a blossom fully illuminated, held by a tall straight stem

### Mauli ola lapalapa, ola mau nā pua

With an unbound spirit, the flowers thrive

*"It was encouraging to know that we have a power team here on Hawaii Island tackling the issue of sex trafficking on our island."*

—DOE COUNSELOR

# *Education at Pearl Haven:* **A Foundational Pillar to Healing and Empowerment**

100% of the Pearl Haven youth self-reported academic difficulties with special education needs and school attendance and disruption concerns preventing them from meeting grade level expectations at the time of intake. Despite these challenges, our students were honored for the A/B Honor Roll, finishing their courses, and one of them earned the “Pearl Award” for all of her hard work and never giving up no matter how hard things got. All of our youth have received honorable awards through their progress at Pearl Haven

## *Academic Accomplishments*

- **80% of youth received A-B Honor Roll status in core subjects.**
- **One student utilized credit recovery and is on track to be at grade level for her age.**
- **Writing skills have improved and all high school students can now produce an essay written with the appropriate focus and intent.**
- **All current DOE students accomplished passing grades and completed enough of their core content work to earn a recommendation for either promotion to the next grade or receiving high school credit for their respective courses.**

# A Place for Our Youth to Thrive

- We have served **44 youths** since the opening of Pearl Haven.
- **78% of our youth** reported having four or more points on the ACES (Adverse Childhood Events Score), which indicates a high probability of chronic mental health and physical health conditions moving into adulthood.
- The primary diagnoses of youth in our care are depression, anxiety, PTSD, and ADHD.
- **100% of the kids we served** in 2022 have used illicit substances or have been addicted to illicit substances before beginning treatment at PH.
- **88% of our youth come from the foster care system** and have lived in multiple treatment facilities as well as group homes prior to coming to Pearl Haven.

## Empowering with Choice and Voice

Pearl Haven's Youth Council provides youth-based leadership on campus through elected youth representatives. The student body elects Youth Council Officers each semester, meet weekly with their volunteer supervisor and host monthly meetings with site leadership to discuss initiatives, events, and site activities planned for the month. During the monthly meetings with the Program Director and site leadership, Youth Council Officers may also discuss program developments, improvements, and concerns. Youth may provide feedback to their Youth Council Officers verbally or in writing, and their concerns/input will then be brought to the weekly and monthly Council meetings for discussion. Youth Council is also in rotation to host the weekly campus assembly to allow youth to provide leadership and plan fun activities and recognitions for their peers. Regular youth council meetings ensure youth have a voice in programming and decision-making and make the youth feel empowered. Youth Council members have expressed that the Youth Council helps them feel heard and part of program decision-making processes alongside Pearl Haven leadership.

*"Having the animals here reminds me that I am needed, and something does care about me. I haven't felt this way before, and it is helping me find a sense of hope again."*

*-Pearl Haven Youth*

## Animal Assisted Program Launched

We incorporate animal assisted counseling into the array of clinical treatment services as an innovative approach to treating complex trauma. Animal assisted therapeutic programming is an emerging best practice in the field of trauma work and is aimed at helping our youth with calming their nervous system. Individuals with complex trauma often live in a state of survival in which the nervous system is stuck in a state of arousal. When youth are in a constant state of survival, they are not biologically able to access the logic side of their brain that allows them to access coping skills or learn new coping strategies. Incorporating the use of animals allows our youth to experience feelings of calm and a regulated nervous system, therefore, in a place to actively participate and grow in their recovery.

By the time a youth enters a residential treatment center, the complex trauma they have experienced has negatively impacted many areas of their lives. They have experienced many forms of abuse and neglect that have threatened their overall well-being and have made their view of the world less than hopeful and safe. Most of our youth have been in other treatment centers and foster placements in which they were discharged as "unsuccessful." All of these traumatic events in their lives involved humans and, many times, trusted adults in their lives. This life experience can make it challenging for youth to open up to new adults while in treatment.

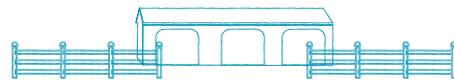

Pearl Haven partners with Heart Horses which incorporates horses for growth, learning and healing as it engages youth in activities with horses to encourage an experience that effects positive change. Horses, with a keen sense for interpreting human emotion, provide therapists with valuable information about the client that might not come to the surface with talk therapy alone.

### **EQUINE-ASSISTED THERAPY TARGETS:**

- Nervous system regulation
- Connection, relationship building
- Social skills training with emotional safety
- Nurturing and care-taking
- Trust-based activities
- Healthy stress responses

## **THE PADDOCKS**

*Gifted by*

Anival Aguilar "Pops"  
Bendon Family Foundation  
John & Carrie Morgan / Kualoa Ranch  
Kerry Schuman  
Larry Nabb  
Raymond & Aimee Noh  
The Altres Foundation

### **THE SCIENCE BEHIND THE HUMAN-HORSE CONNECTION:**

- Promotes awareness of mental and physical state for teens. Allows them to learn to regulate and co-regulate.
- Horses are mindful animals and process in real time which is a visual process.
- Allows teens to externalize, make it about the horse.
- Coherent heart rate (pattern) which is why we "feel better" when we are around them.
- A coherent heart pattern is indicative of a system that can recover and adapt to stressful situations very efficiently.

# Special Empowerment Educational Sessions

Keala Kennelly, a professional surfer ranked in the top ten of the ASP World Championship Tour, visited Pearl Haven in October of 2022 as a motivational and inspirational speaker. Keala spoke about her life and career as a pro surfer and an actress, and shared about her work advocating for women's rights, equality, and overcoming fear.

## Holiday Season at Pearl Haven

As part of our commitment to therapeutic arts, GRAMMY-nominated producer, singer/songwriter, and Co-Founder/CEO of Haku Collective, Kimié Miner together with The Hawai'i Symphony Orchestra (HSO) hosted our Pearl Haven residents and staff at the "Christmas In Hawai'i with Kimie Miner & Friends" concert at the Historic Hawai'i Theatre. The live concert celebrated cultural traditions, the Hawaiian language, and beautiful mele (music) for the youth to enjoy. For most of our youth, this was their first time hearing a full live orchestra. Kimié also honored the youth during the concert and encouraged them to continue to "shine their light" from within, year round. We are so grateful to HSO for their generous gift during the holiday season, an experience that inspired our youth to embrace their dreams and full potential.

# Partnership with Brigham Young University Hawai'i

Brigham Young University Hawai'i (BYUH) offers undergraduate level Social Work majors internship opportunities with local agencies to enhance their experience in the behavioral health field. Pearl Haven staff attended BYUH's Asia-Pacific Career Conference in March of 2022 to meet with the first cohort of six student interns.

These future professionals gained experience and exposure to the inner workings of a treatment facility while being supervised by an LCSW who works closely with the Program Director. They co-facilitated treatment groups, participated in the intake process and daily routines. The intern cohort also received training on topics ranging from utilizing a Trust Based Relational Intervention (TBRI) approach, to the importance of HIPAA/confidentiality, to understanding the role of a social worker in the continuum of care.

Mahalo to BYUH's Director of Field Education, Dr. Victor Kaufusi for his collaboration in creating this opportunity for students and offering of support for Pearl Haven.

—MENTEE'S MOM

# *A Letter From a Pearl Haven Youth*

I remember nights I used to cry. I remember nights when I used to wonder whether I am going to eat, Where I am going to sleep. I remember all of those people who looked me in my eyes and said everything will be fine...

To leave me on the side of the road to DIE

I remember looking at myself in the mirror and telling myself how am I still ALIVE? I remember yelling for help as people laughed and passed me by.

Have you ever looked a child in the eyes and saw not a single drop of light?

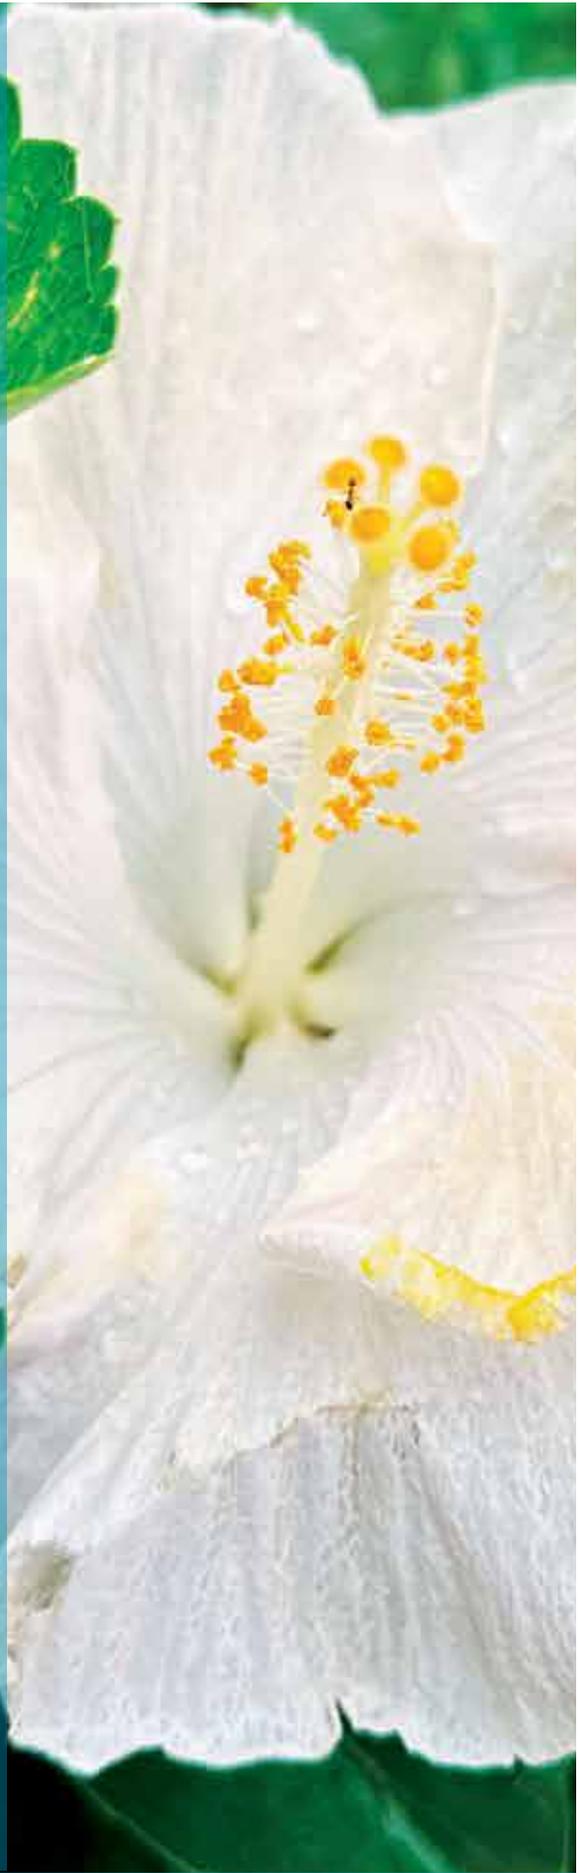

But you never gave up on them and now see them glow, and their light shines so brightly it lights up the sky. Have you ever watched a child turn his or her life over to God? Have you ever stayed up nights crying and holding a child in your arms so that they know they are no longer in harm's way?

I remember times I would wake up in the middle of the night crying, and the Pearl Haven staff rushed by my side so that I would know that I was going to be fine.

When I first walked into Pearl Haven, I laughed at the staff and therapist in my head, thinking they wouldn't be able to change me. The crazy thing is that what I did not know was that the whole time God was smiling at me, saying...  
Daughter, just wait and see!

I have now been at Pearl Haven for 9 months, and I have learned for the first time in my life how love is actually supposed to be. I learned how to love myself but also allow others to show that they love me. I have learned about my Father in heaven, who has never left me or forsaken me. I have learned what it is like to be a child again. I have learned that I am able and capable to dream new dreams. My hope continues to blossom every day.

~ Pearl Haven Youth

*“ Having safe spaces to share our feelings, a safe space to live, sleep and learn, surrounded by people who want to protect and help us, has made all the difference in the world. We have begun to heal, to trust others and to believe in ourselves.”*

*—PEARL HAVEN YOUTH*

HNP believes in empowering youth and young adults by meeting each individual where they are in their stage of change. We focus on increasing safety; meeting tangible needs, such as transitional shelter and stabilization; assisting in teaching life skills; modeling and discussing healthy relationships; building economic empowerment; and improving health and wellness. HNP works alongside government agencies and other non-government organizations to ensure individuals who have been victimized receive all the support available.

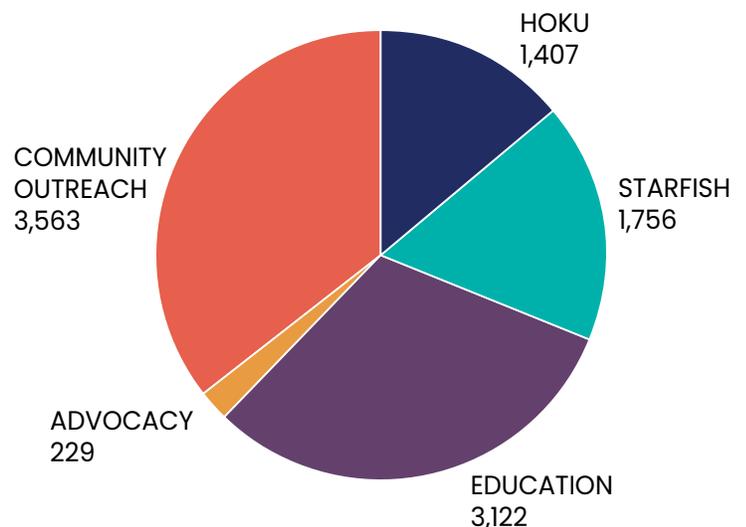

## Community Impact

HNP PROVIDED DIRECT SERVICES AND EDUCATION TO **85%** MORE CLIENTS THROUGH EDUCATION, STARFISH, HOKU, AND ADVOCACY IN 2022.

**6,942** PEOPLE REACHED THROUGH EDUCATION, STARFISH, HOKU, ADVOCACY, AND COMMUNITY OUTREACH IN 2022.

### COMMUNITY PROGRAM IMPACT\*

\*Count is for people served in 2022 (duplicated)

# Education

HNP educates, provides trauma-informed training, and equips youth with critical knowledge and life skills to remain safe. Equally as important, adults are given essential tools to identify, intervene, and protect our keiki. HNP works with nurses, therapists, healthcare workers, educators, school administrators, and law enforcement to keep young people safe. Key webinars include:

- Actions to Fight Trafficking Today
- Trauma-Informed Response
- Practical Ways to Fight Sex Trafficking
- Not In My School
- CSEC Overview for Educators

Ho'ōla Nā Pua delivered education services and presentations at dozens of locations in 2022, including:

## HAWAI'I ISLAND

Pahoa High School  
Hawaii Academy of Arts & Science  
Public Charter School  
Hamakua Baptist  
Pahoa Intermediate School

West Hawai'i DOE Complex Area

# Starfish Mentoring

Studies show that a consistent mentor in a young person's life is key to building healthy relationships and achieving life goals. Starfish Mentoring is HNP's most in-depth community-based program. Starfish services accounted for 72% of community program sessions.

HNP provides 1:1 support for youth by connecting minors with safe, reliable, and positive adult support. In 2022, this program has offered 1,756 mentoring sessions, trained 50+ mentors, and served 94 youth.

# Hoku Groups

HNP provides therapeutic programming to empower youth who are at-risk or have a history of being exploited. Youth engage in empowering group lessons that develop life skills, self-care, self-worth, and self-advocacy. HNP provides Hoku Group Services at the following locations:

- Hale Lanipolua Assessment Center
- Hawai'i Youth Correctional Facility
- Kahi Mohala
- Pearl Haven
- Hale Kipa
- Hale Ho'omalu
- Hawai'i Academy of Arts and Science
- Noho Olu Safe House

## STATS ON HOKU PROGRAMMING WITH O'AHU AND HAWAI'I ISLAND SEPARATED

YOUTH SERVED:

**150** (112 OAHU, 38 HI ISLAND)

SESSIONS HELD:

**312** (235 OAHU, 77 HI ISLAND)

TOTAL NUMBER OF INTERACTIONS:

**1407** (1054 OAHU, 353 HI ISLAND)

# Advocacy Drives Systemic Change

The right to be protected from exploitation, abuse and violence, as well as having access to appropriate care, is sustained through advocacy efforts. As a survivor-informed organization, HNP knows that while survivor self-advocacy is the most powerful voice, advocating for oneself in the midst of healing trauma can be very challenging. HNP acts as a safety net by providing an additional layer of support and serves as a bridge between the systems of care, the judiciary system, the community, and the survivor.

Advocacy is fundamental in our overall approach to lasting systemic change. HNP collaborates with local community stakeholders along with our national and international partners to ensure we remain relevant with current trends and best practices, collaborate on promising practices, and continue to build subject matter expertise. We bring forth innovative ideas and expertise to best support the evolving anti-trafficking movement while ensuring the survivor voice and choice is central to guiding effective change. In 2022, we elevated the mission of our work and expanded our reach through advocacy opportunities.

*Advocacy and awareness within the Dangerous Curves Motorcycle Club.*

*National Survivor Voice visit O'ahu and support the youth at Pearl Haven*

*The Institute on Violence Abuse and Trauma 2022*

## ADVOCACY

## WESTERN STATES INTERNATIONAL LAW ENFORCEMENT CONFERENCE

Ho'ōla Nā Pua received the esteemed "The Outstanding Organization Award" presented by the Law Enforcement Security Coalition of Hawai'i. The award was presented to Jessica Muñoz, HNP Founder and CEO, and Tammy Bitanga, Advocate and Community Outreach Coordinator for their leadership and HNP's exceptional advocacy on the issue of ending exploitation.

## ADVOCACY

## INTERNATIONAL HEALTH CARE SECURITIES CONFERENCE

Jessica Muñoz, Founder/CEO, and Tammy Bitanga, Advocate and Community Outreach Coordinator, gave the key note address on creating a safe haven for victims of sex trafficking at the International Association for Health Care Security and Safety Conference in Reno, Nevada. There were over 700 people from around the world attending the conference.

## INTERNATIONAL HUMAN TRAFFICKING INVESTIGATIONS CONFERENCE

Jessica Muñoz, Founder/CEO, Leila Marie Matthews, Advocate and Tammy Bitanga, Advocate and Community Outreach Coordinator, had the opportunity to provide training on trauma-responsive care for victims of exploitation at the IAHTI Conference in Florida. There were over 600 people ranging from law enforcement to advocates to service providers who attended the conference.

*"I loved every moment of this experience with Hoku classes."*

—HOKU CLIENT

# January 2022

## Human Trafficking Awareness Month

Ho'ōla Nā Pua staff, volunteers, and partners participated in sign-waving on January 11, 2022 to raise community awareness around child trafficking on O'ahu and Hawai'i Island.

- Honolulu – Bishop Square, followed by a march to the State Capitol
- Kailua-Kona – Henry Street
- Hilo – Bayfront, Bishop Street, and Kamehameha Avenue

# June 2022

## HAWAI'I NEWS NOW SEGMENT

Despite saving hundreds of sex trafficking victims yearly, Hawai'i has few prosecutions. In this segment which aired on June 1, 2022, Tammy Bitanga represents Ho'ōla Nā Pua and shares her experience of advocating for the keiki of Hawai'i. "If one child is being exploited, if one child is being sex trafficked, or abused - that is too many," says Bitanga.

# July 2022

## HAWAI'I NEWS NOW SEGMENT

This segment which aired on July 25, 2022, raised awareness of Ho'ōla Nā Pua and the dark criminal enterprise of child sex-trafficking. Jessica Munoz shared HNP's mission with hosts Rachel Pacarro and Kainoa Carlson.

Scan here to see a recap of the Hawai'i News Now segment.

## WORLD DAY ANTI-HUMAN TRAFFICKING

July 30th is World Day Against Trafficking. The United Nations General Assembly declared this day to raise awareness of the situation of victims of human trafficking and for the promotion and protection of their rights. In 2022, the theme was "Use and Abuse of Technology," which focused on the role of technology as a tool to both enable and impede human trafficking. Ho'ōla Nā Pua participated by coordinating a day for the community to come together and raise awareness in observance of this. The staff and volunteers sign waived along Ala Moana Boulevard to shine light on this dark issue.

# October 2022

## HAWAI'I NEWS NOW SEGMENT

**Java for change:** Half of this coffee company's profits go to help sex trafficking victims. "It is really important to speak about the rehabilitation process because I feel like... a lot of people speak about the rescue... but they don't talk about the aftermath," says Simone Ispahani, founder of Social Brew. This segment featured Ispahani's commitment to the issue of human trafficking by donating 50% of Social Brew's profits to nonprofit organizations that help survivors of human trafficking, including Ho'ōla Nā Pua.

Scan here to see a recap of the Hawai'i News Now segment.

## EVENTS GALLERY

### 50 FOR THE FALLEN

Ho'ōla Nā Pua, in partnership with 50 for the Fallen and Tulsi Gabbard, coordinated a two-day, 52.7-mile ruck around the east side of O'ahu on December 6th to 7th. Veterans and active duty service members in Hawai'i and abroad came together, with over 100 participants starting in Ka'a'awa and ending at Pearl Harbor National Memorial on the 81st Anniversary of the attack on

Pearl Harbor. This event raised funds and awareness about the issue of sex trafficking and sexual exploitation of our keiki.

### PANILOLO PICNIC

On February 5, 2022, Raymond and Aimee Noh of NOH Foods of Hawai'i, together with Nicki and Nick Coleman, generously hosted Ho'ōla Nā Pua's first Paniolo Picnic on the grounds of Loulu Palms Estate. This beneficiary event, featuring live music, warm fellowship, and homemade BBQ by Aimee's father, Anival Aguiar, raised essential funding for Pearl Haven's highly-anticipated Animal Assisted Therapeutic Program.

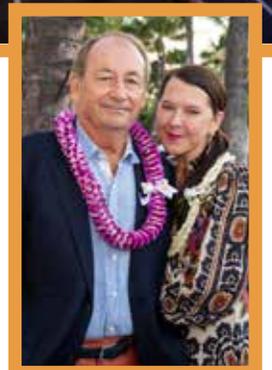

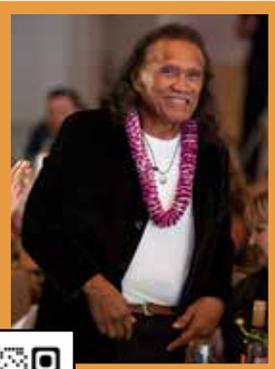

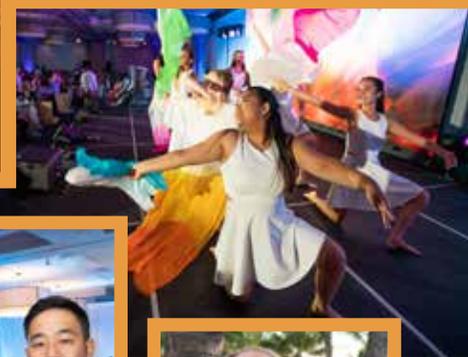

As a result of the Paniolo Picnic and in partnership with Heart Horses, we look forward to offering our youth continued healing through safe and loving bonding. Given our thirteen acres of land, additional animals such as goats, a pot-belly pig, rabbits, and chickens will also be a part of this program at Pearl Haven.

# PEARL GALA 2022

Ho'ōla Nā Pua's 7th ANNUAL PEARL GALA returned after a two-year hiatus on Saturday, October 15, 2022, at the Four Seasons Resort at Ko Olina. Presented by Southwest Airlines, this signature event raised essential funds to sustain vital programming including Hōkū Groups, Starfish Mentoring, Education, Awareness & Training, Advocacy, and The Bromley Family Pearl Haven Campus.

This celebration was a huge success with a program featuring live entertainment by Kimié Miner and Henry Kaponu, an exquisite menu by Executive Chef Michael Arnot, a premier auction and wine pull, and Advocacy Awards honoring the Bromley Family Foundation, Sight and Sound Productions, Church of Jesus Christ of Latter Day Saints, and Melissa Jackson. Mahalo nui to these organizations and individuals who are helping to transform the lives of the youth Ho'ōla Nā Pua serves.

Scan here to see a recap of the Pearl Gala segment.

## NOTABLE RECOGNITIONS

### BRIGHT FUTURE GATHERING

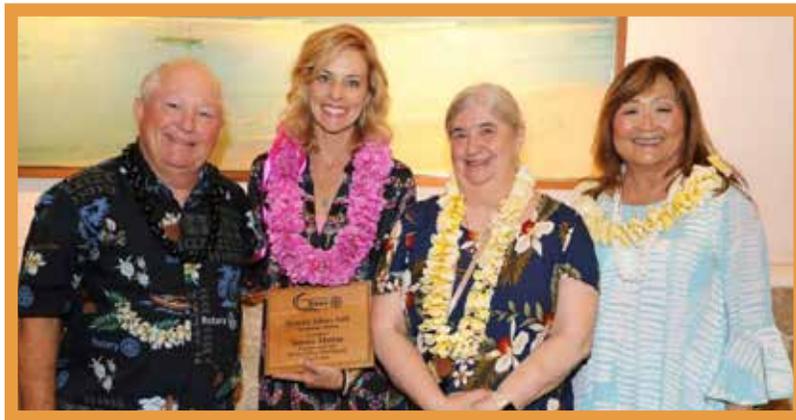

On November 17, 2022, Tanya Jernigan of the Jernigan Foundation invited Ho'ōla Nā Pua to have a Bright Future Gathering at Hualālai. This provided our team with the opportunity to share about the issue of sex trafficking and exploitation with residents of Kailua-Kona. The event was also made possible through the amazing volunteers provided by Youth With A Mission (YWAM), Kona. Through this presentation, our team connected with donors which helped raise additional funds for our programs and services. It is through the generosity of community partners like Tanya Jernigan that Ho'ōla Nā Pua is able to perpetuate its mission and shine the light.

### ROTARY CLUB AWARD

MAY 2022

Congratulations to our Founder and CEO, Jessica Muñoz, for receiving the Rotary Club of Honolulu's Service Above Self Vocational Award for her work at Ho'ōla Nā Pua and Pearl Haven Coalition's "Outstanding Organization Award" on behalf of Ho'ōla Nā Pua.

### TOP COP HAWAI'I

OCTOBER 2022

Ho'ōla Nā Pua Founder and CEO, Jessica Muñoz, together with Tammy Bitanga, Community Outreach Coordinator, received the prestigious "Hawai'i Top Cop Law Enforcement and Security Coalition's Outstanding Organization Award" on behalf of Ho'ōla Nā Pua.

## DONOR HIGHLIGHTS

**JACQUIE LAIRD** is a valued member of our community, consistently offering her support in a multitude of ways. This includes serving annually on the Pearl Gala committee, contributing personal items, and dedicating her time to help generate essential funds. She also plays a significant role in fostering relationships and strengthening community bonds. Her unwavering presence at fundraising events, insightful suggestions, and visionary outlook

empower Ho'ōla Nā Pua to illuminate brighter paths toward the future. As a stalwart advocate for Ho'ōla Nā Pua, Jacquie's unwavering commitment has been and continues to be, an invaluable asset to our organization.

**JULIE HONG** is an Operations Director in Jacobs' Federal & Environmental Solutions (F&ES) group in Honolulu, overseeing the growth and integration strategy of the infrastructure business in the Indo-Pacific region. Julie has played an essential role in extending the reach of our mission, carrying our message across geographical boundaries, and ensuring the work of Ho'ōla Nā Pua resonates far and wide. Her dedication to our cause has not only

been pivotal in the organization's ongoing operations but has also helped shape the organization's direction, fostering growth and facilitating broader recognition of the work we do.

**JENNIFER BULOTTI** is the CEO of Noble Venture Designs and a steadfast supporter of Ho'ōla Nā Pua, has been integral to our mission of illuminating pathways to solutions with tangible local and national repercussions. Her organization, Noble Venture Designs, works tirelessly to cultivate job opportunities for survivors and individuals in vulnerable communities while also spearheading various fundraising initiatives and campaigns to raise awareness.

For nearly a decade, Ms. Bulotti and her dedicated team have lent their unwavering support to Ho'ōla Nā Pua. We are immensely grateful for their commitment and contributions over the years. We take immense pride in acknowledging Noble Venture Designs as one of the leading organizations at the forefront of combatting child sex trafficking within the United States. Their support and collaboration have played a significant role in our endeavors, and we are incredibly grateful for their ongoing commitment to our mission.

## DONOR HIGHLIGHTS

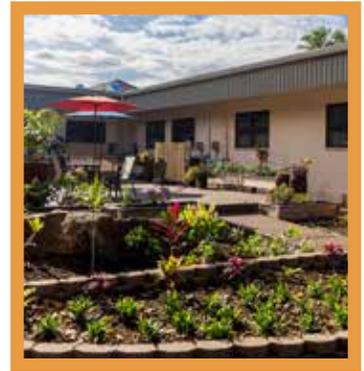

### THE GARDEN CLUB OF HONOLULU

We cannot express enough our profound gratitude for the 'Therapeutic Garden' at Pearl Haven. This haven of tranquility and growth stands as a testament to the immense generosity and community spirit that surrounds us, making our efforts not only possible but also deeply rewarding.

The Garden Club partnered with Kevin Pena, who donated concrete and supplies for the construction of the garden. Complementing Kevin's generosity, Tony Gregory and his diligent crew at Mana Construction stepped up and selflessly volunteered their labor.

The enchanting blossoms and the rich soil that now fill the 'Therapeutic Garden' have been generously provided by Lori Eldridge, Priscilla Growney, and The Garden Club of Honolulu.

Their efforts have breathed life into the 'Therapeutic Garden' at Pearl Haven, transforming it into a living classroom that helps our youth learn, grow, and connect with the natural world. In this garden, they not only learn to nurture plants but also gain insights into nurturing their own lives.

### MANA CONSTRUCTION

Tony Gregory, Owner and President of MANA Construction, has continued to support our mission by donating his amazing crews' time, materials, and labor. Mr. Gregory has also engaged the support of partner companies in collaboration with MANA Construction to support HNP. We are very grateful for all of MANA Construction's hard work on the concrete pad and the Therapeutic Garden for Pearl Haven.

## LAURAN BROMLEY

The Bromley Family Foundation

Lauran Bromley, is a beacon of advocacy and a board member of HNP and the Bromley Family Foundation. Lauren has dedicated her career to being a passionate defender of women and girls, showing an unyielding commitment to their cause. Her passion radiates through her every endeavor, including her pivotal role within the Bromley Foundation.

Established in 2008, the Bromley Foundation is a beacon of hope and change. They dedicate themselves to addressing inequality through the transformative power of education and the arts. A significant part of their mission revolves around assisting women who are at risk, promoting women's empowerment, and endorsing arts education. Their focus aligns seamlessly with our cause, making their support not only appreciated but also incredibly impactful. We are deeply thankful for the waves of change they have helped initiate, and we look forward to our continued journey together.

## MELISSA JACKSON

Zilber Family Foundation

Melissa Jackson is on the board of the Zilber Family Foundation. This foundation wholeheartedly supports nonprofit organizations that tirelessly work towards enhancing the well-being of individuals, families, and entire neighborhoods.

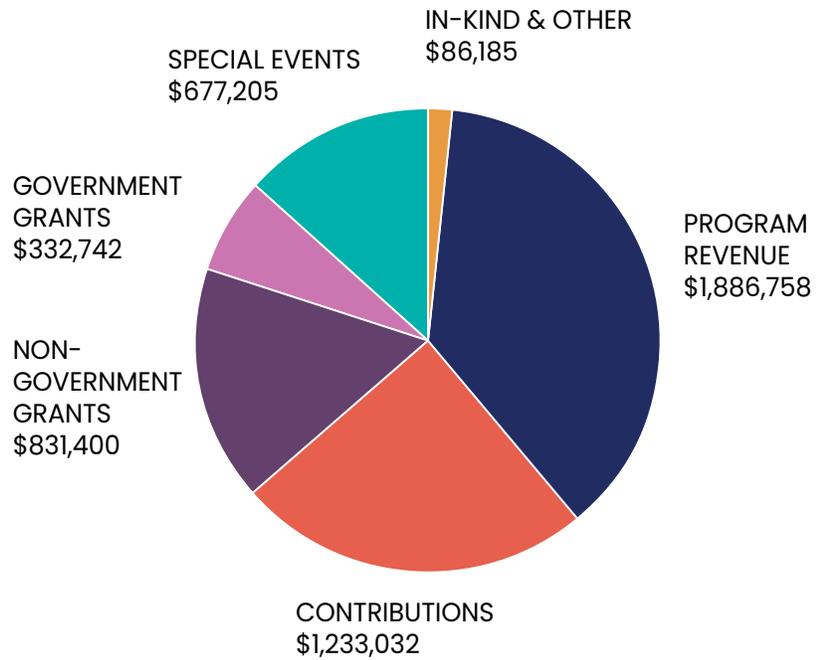

Melissa is an invaluable member of various nonprofit organizations, including HNP. As a member of the HNP board, her commitment and steadfast dedication have been nothing short of inspirational.

Melissa's academic and professional background in counseling psychology complements her roles beautifully, adding layers of understanding and empathy to her work. Simultaneously, her work with the Zilber Family Foundation, Make-A-Wish Hawai'i, and Adventist Health Castle brings a rich tapestry of experience to our board. We are immensely grateful for Melissa's involvement with HNP. Her unique blend of professional expertise and heartfelt commitment to community well-being is a priceless asset to our cause.

# Donate Today and Continue Making a Difference

Ho'ōla Nā Pua relies on the support of generous donors that allow our team to continue raising awareness and providing critical programs and services to the community. Our organization is funded by 90% of private donors, and 83% of the annual funds raised are reinvested into community programs. We need your help to continue shining the light and fighting for the prevention of sex trafficking and exploitation of our keiki. Below are some ways that you can donate today!

## Annual Pearl Gala

The Pearl Gala is the premier fundraising event of Ho'ōla Nā Pua allowing us to perpetuate our mission and fund essential programming.

## Champion of Hope

These gifts are unrestricted gifts of support dedicated to our programs to ensure we can continue serving our community through education, awareness, and care for our vulnerable keiki.

## Pearl Society

Be part of a network of individuals that come together and stand up against sex trafficking and exploitation of our keiki.

## Matching Gift \$10,000-\$50,000

Throughout the year, we look for donors to partner with us to encourage the community to participate in our campaigns.

Make a Donation

Or contact our Development  
Team at [info@hoolanapua.org](mailto:info@hoolanapua.org)

*A sincere thank you to all our amazing donors,  
stakeholders, friends, and supporters. We cannot  
do this work without you.*

*Together, we can continue to shine the light  
and shine it bright!*
